Community Goals

Children are in safe places in out of school time
Children have increased academic, emotional, and social success
Children have improved nutrition and increased physical health
Working families are engaged and supported

Coordinated Community Strategy

Initiate partnerships with school districts for school-based, affordable programs
Increase number of out-of-school time sites that are accessible to all families
Develop/implement activities to achieve positive behavior outcomes
Increase curriculum/homework assistance that improves academic outcomes
Evaluate, measure, and communicate results
