

COMMUNITY RESOURCES

211 Help Center

2-1-1 is here to help connect Montanans with the community resources and assistance they need. They provide a list of resources through their website (montana211.org), or by calling 2-1-1.

Resilience Project

The Resilience Project at GGUW invests in our community's behavioral health and mental well-being through public service campaigns, workshops, and community conversations. Contact us for more details on how the Resilience Project can benefit your workplace.

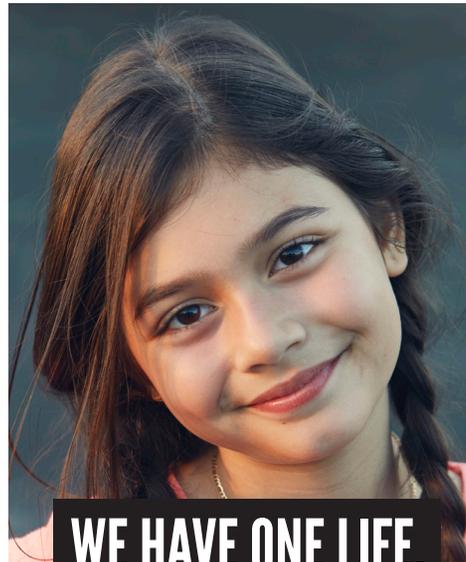

Single Care Prescription Card

The Single Care/GGUW partnership aims to reduce the cost of prescription medicine for children, families, and individuals. We believe stronger, healthier, and happier people make healthier and better communities. Get your card and start saving today.

Our mission is to improve lives by mobilizing the caring power of our communities.

COMMUNITY IMPACT FUND

We support programs that align with our four impact areas:

Basic Needs, Child & Youth Success, Behavioral Health & Mental Wellbeing, and Senior Stability.

Every year Greater Gallatin United Way funds and supports direct service agencies as one strategy to positively impact residents of Gallatin, Madison, Meagher, and Park Counties.

2020 Community Impact Fund Recipients:

OTHER FUNDS YOU CAN SUPPORT

kidsLINK Scholarships

To work toward our goal of NO child having to be home alone, we offer full and partial scholarships to help families who could use extra support for our after school programs.

Dolly Parton Imagination Library

Dolly Parton's Imagination Library (DPIL) is a book gifting program that mails brand new, free, specially selected, high-quality books to children from birth to their 5th birthday.

Disaster Response Fund New!

Our Disaster Response Fund provides immediate access to resources to help provide food and shelter for people, buy necessary supplies for responders, or whatever else may be needed. Each disaster is different and will have varied needs. By establishing this fund, we will be able to respond without delay. Whatever is not used in a year will carry over to the next, so we will always be prepared.

MORE WAYS TO LIVE UNITED

Volunteering

Volunteering or organizing a supply drive are excellent ways to connect to our community on your own or as part of a group. We can help make these connections for you by calling us and sharing your interests or visiting www.volunteermt.org.

Business Opportunities

Corporate gifts, employee workplace campaigns, sponsorships, in-kind donations and our new Small Business 365 Circle offer options for your business to Live United. We're happy to visit with you to determine what might work best for you and your team.

There are other ways your team can Live United. If you are interested in donating services or products but aren't sure which organization could use what you have to offer, let us know. We would be happy to make the connection.
